

VERSATILE STRENGTH

For larger clear openings, this dual track version of our TYMETAL Cantilever Slide Gate is supported by four posts. It is suitable for closing single clear opening widths up to 40 feet.

This gate also features enclosed tracks and a ball bearing wheel system that has been rigorously tested.

CLOSE SINGLE CLEAR OPENINGS UP TO 40'

DURABLE

Fabricated by AWS Certified Welders using TYMETAL's various proprietary aluminum extrusions to build a gate frame that is twice as strong as our competition's.

TESTED

Engineered gate panels, matched operators, and access controls are designed and tested as complete systems to perform flawlessly in all weather.

COMPLIANT

All TYMETAL Cantilever Slide Gate Systems comply with the latest industry safety standards (UL 325 and ASTM F2200).

STRONG & LIGHT

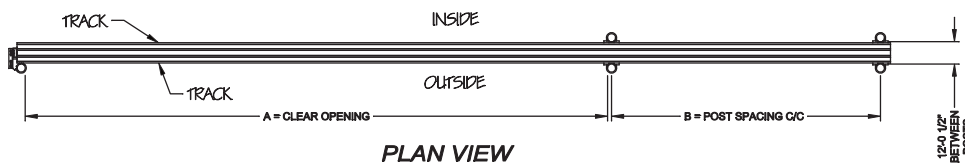

An aluminum construction and smooth rollers, with the addition of a second keyed track extrusion provided additional rigidity against lateral forces.
